

Bathroom Design Co

h2o

Building high quality properties involves making sure every product we use meets our high standards. We use Villeroy & Boch products because they are well manufactured, the range is vast also stylish and allows us to vary each and every bathroom we design. h2o have consistently supplied us with V&B for a number of years and we have been delighted with the level of service and professionalism given to us at Stone Homes.

Jo Robinson  
**Director Stone Homes**

Planning a schedule around my job as an airline pilot can often be difficult. h2o's help was a very welcome and valuable part of my building project. They were always there when needed for advice or assistance.

Cpt Kevin O'Hare  
**Self-build Project Manager**

We offer our clients facilities to the highest standards, h2o were able to provide the products and work closely with our contractors for installation.

Jocelyn Maxfield  
**Director, Serenity in the City**
